

INDIAN LEADERSHIP FOR TOMORROW

BACONE STUDENTS COME FROM TWENTY-SIX STATES

BACONE COLLEGE IS SITUATED THREE MILES FROM MUSKOGEE,
OKLAHOMA, AND SIXTY-FIVE MILES SOUTH OF TULSA, OKLAHOMA.

BACONE COLLEGE

THE ONLY COLLEGE IN THE UNITED STATES EXCLUSIVELY FOR INDIANS

BACONE(Bay-cone)COLLEGE owes her founding directly to three great men: Professor Almon C. Bacone, Reverend Joseph S. Murrow, D.D., and Reverend Daniel Rogers, D.D., all of whom were missionaries to the Indians of the Five Civilized Tribes. A charter was granted by the National Council of the Creek Nation in 1884.

BACONE COLLEGE for fifty-eight years has been a training camp for Indian citizens. It was dedicated in service to all Indians of the United States by our Pioneer Fathers. It has a rich and romantic history, unexcelled anywhere by any educational institution. Bacone's unselfish service to the ever widening cause of church and state challenges the admiration and appreciation of all right thinking people. Thousands of students have gained information and inspiration within her classic walls. They have carried the benefits and blessings of Christian education into every Indian tribe in America.

CURRICULAR ACTIVITIES

Bacone Junior College is accredited by the Oklahoma State Board of Education. Its curriculum has been planned primarily with reference to meeting requirements for advanced standing in recognized liberal arts colleges and universities, but also with consideration for those students who will not continue their education elsewhere, but may be enabled by their experience at Bacone to live more usefully after their graduation here.

MURROW INDIAN ORPHANS' HOME

Right at its door and a part of the set-up is the Murrow Indian Orphans' Home which cares for needy Indian orphan children. This home is filled to capacity and has a long waiting list of worthy, homeless children begging for admission. These orphan children have all the educational and social advantages of Bacone College. No orphanage was ever more ideally located than this one and is entitled to the support of all right thinking people who believe that the children of the first Americans should be adequately cared for and given the same opportunity every child has a right to expect. Whoever loves a little child loves not himself, but God, and whoever saves a little child from the fingers of evil sits among those who are the builders of cities and the procurers of peace.

BACONE

BACONE is the only college in existence maintained exclusively for North American Indians.

BACONE students are classified as Junior College, high school and grade school. 300 students can be accommodated. All branches are fully accredited.

BACONE enrollment represents 42 different tribes.

BACONE has many graduates in Indian Service, public schools in cities and rural communities, and Civil Service positions.

BACONE has for many years helped students to further their education in other institutions in order to become doctors, lawyers, ministers, missionaries, nurses, and social service workers.
